95727	APPROX. LENGTH	APV	CASE QTY
	60in	1.7mL	50

95725	APPROX. LENGTH	APV	CASE QTY
	20ft	10mL	50

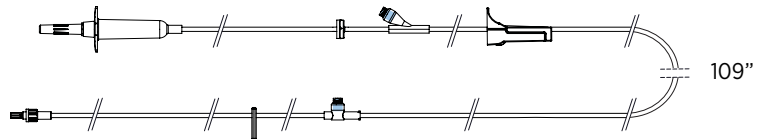

95724	APPROX. LENGTH	APV	CASE QTY
	20ft	38.33mL	50

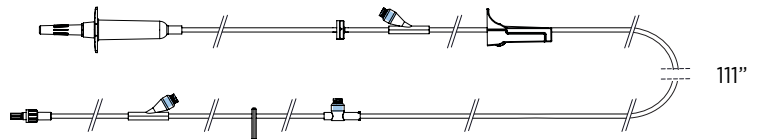

IV Administration Sets

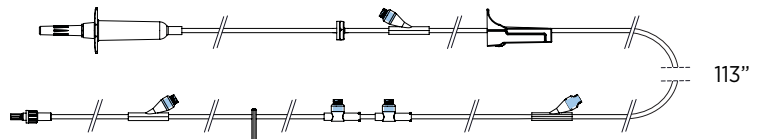

AS101Y	APPROX. LENGTH
	109"

AS102Y	APPROX. LENGTH
	111"

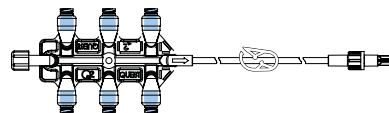

AS103Y	APPROX. LENGTH
	113"

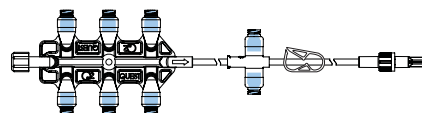

Manifolds

9520	APPROX. LENGTH	APV	CASE QTY
	10 in. (25cm)	2.0mL	50

95712	APPROX. LENGTH	APV	CASE QTY
	10 in. (25cm)	2.2mL	50

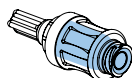

95787	APPROX. LENGTH	APV	CASE QTY
	15 in. (38cm)	1.65mL	50

Valves

3150	APV	CASE QTY
	0.1mL	200

Benefits for Clinicians*

- Reduce exposure risk
- Reduce time with associated use of PPE
- Quicker line identification of drips

Benefits for Administration*

- Reduce clinicians' exposure risk
- Reduce overall costs by limiting PPE use

The use of medical supplies and PPE has increased due to COVID-19. Quest Medical, Inc. is ready with solutions to help streamline your workflow.

Reduce waste, infection risk and costs with our universal sets while increasing overall productivity.

Committed U.S. Manufacturer

*Use of extension sets allowing IV pumps to be moved away from patient, thereby reducing close exposure and subsequent use/cost of PPE with frequent pump/medication management activities. Line identification is also easier due to the IV pumps being within a closer view of clinical staff.
